St. Valentine was a Christian priest and doctor. He lived a long time ago in Rome. He was very kind and brave.

In those days, the Roman Emperor banned Christian marriages. So St. Valentine would help Christians get married in secret.

One day, he was caught helping a Christian couple. He was thrown into prison.

The jailer's daughter was blind. The jailer asked St. Valentine if he could cure her. St. Valentine cured her blindness and helped her to see again!

One day, he wrote her a note and signed it, "Your Valentine." The next day, on February 14, St. Valentine was put to death because he would not give up his faith. He became a martyr.

On Valentine's Day, we think of love, marriage, and the kindness St. Valentine showed to all.
